CLAIM I

The following civil right has been violated:

SEE ATTACHED

Supporting Facts: Include all facts you consider important. State the facts clearly, in your own words, and without citing legal authority or argument. Be certain you describe, in separately numbered paragraphs, exactly what each DEFENDANT (by name) did to violate your right.

SEE ATTACHED

**If there is more than one claim, describe the additional claim(s) on another attached piece of paper using the same outline.*

D. Claims:

Objectively, the cruel actions of the Correctional Officers at the scene of the incident, being fully aware of my mental disabilities, ignored safe protocol. After I was cuffed, restrained; I was left vulnerable to attack by other known violent inmates. They did not take the obvious proper safety precautions in dealing with this incident, which included an Enhanced Out Patient (EOP) inmate.

Subjectively, the Correctional Officers were reckless and/or deliberately indifferent since the Correctional Officers in charge of my safety knew of my Enhanced Out Patient (EOP) status and disregarded an excessive risk to my health and safety. The officials failed knowingly to protect me from assault with deliberate indifference to my safety. Also, the supervisory staff knowingly acquiesced in failure to train and supervise line staff in the proper procedures in protecting an Enhanced Out Patient inmate in circumstances like these, are injurious to me with deliberate indifference and it amounts to a civil and constitutional violation of the Plaintiff's Eighth Amendment United States Constitutional rights.

On October 7, 2020 while incarcerated at Richard J. Donovan Correctional Facility I was in line to get my evening meal I was attacked by Inmate E. Smith, BI6705, which resulted in an altercation. As a result the Correctional Officers subdued Inmate Smith and I after begin sprayed by the Correctional Officers with an aerosol which we were told was MK-9 Oleoresin Capsicum (OC) spray. Once pruned out, cuffed, restrained and in the control of the Correctional Officers M. Larios, Defendant # 1. Petitioner was defenseless and dependent on defendant # 1 for his protection.

Supporting Facts:

Officer M. Larios, Defendant #1, left me vulnerable to attack by other inmates. The lack of attention to the safety of the completely vulnerable was obviously deliberate indifference to the safety of the

inmates under their supervision. As the person in harms way, my mental illness was spiked. Being handcuffed and unable to see or breath well because of the MK-9 spray I could not see inmate Lopez (AW4432) jump up from the floor when I was left standing cuffed and **defenseless**.

Standing, blinded by the spray I felt someone attack me. I didn't know if it was a Correctional Officer or an inmate. Also, from the noise I did not know if there was a riot kicking off or if I was the only person being attacked. I was left to take the brunt of the attack. The attacker punched me in the torso and the face and I suffered bruising and a bloody lip. I could have easily been stabbed, injured or killed and my PTSD kicked in. Since this incident I have not felt any sense of security or safety while in prison. Through the recklessness and deliberate indifference actions of Correctional Officer M. Larios my Eight Amendment Constitutional and Civil Rights have been violated. (See Defendant #1 M. Larios Narrative Incident Report and Supplemental Report; Duarte Staff Narrative; Llamas Staff Narrative; Angon Staff Narrative; Medical report; Video evidence;)

Defendant #2 - Sergeant J. Canedo is responsible for the actions of the officers he supervises and the safety of the inmates that are in his charge. Sergeant Canedo was deliberately indifferent in the violation of my civil and constitutional rights by permitting his staff to operate recklessly in their professional duties. Sergeant J. Canedo was present at the incident and observed the reckless action of Correctional Officer M. Larios (Defendant #1). (See Sergeant J. Canedo Narrative Statement; Rules Violation Report.)

Defendant #3 - Lieutenant Dion Arguilez, Incident Commander, is responsible for the actions of the officers and staff under his supervision and the implementation of the Mission and Vision of CDCR and the Warden of Richard J. Donovan, Marcus A. Pollard. The reckless actions and deliberate indifference of his staff violates the safety and welfare of those under his care. Lieutenant Arguilez was deliberately indifferent in violation of my civil and constitutional rights by permitting his staff to operate recklessly and place my safety in jepordy. (See Lieutenant Dion Arguilez Narrative Statement Incident

Report Summary)

Defendant 4 - Marcus A. Pollard, Warden is responsible for the actions of the officers and staff under his supervision and the implementation of the Mission and Vision of CDCR and Departmental Operations Manual of the institution. The reckless actions and deliberate indifference of the Correctional Officers and Staff toward the institution's inmate population safety and welfare.

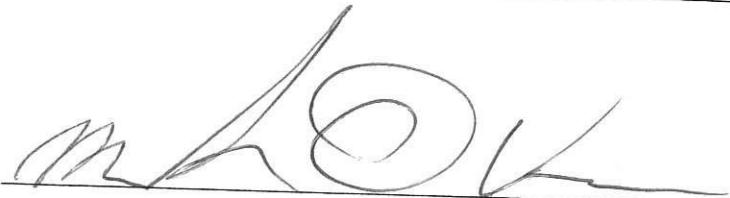

E. REQUEST FOR RELIEF

I believe that I am entitled to the following specific relief:

Two Hundred Fifty Thousand Dollars (\$25,000.00) compensatory damages and other
damages found appropriate by this court. Proper retraining of Staff and
Correctional Officers as necessary to ensure this type of deliberate indifference does
not continue to happen.

NARRATIVE

On Wednesday, October 7, 2020, at approximately 1725 hours, while conducting my duties Facility E Housing Unit 23, Floor Officer 1. I observed Inmate Smith (BI6705, 23-A102-1L) and Inmate Vernon, (V16750, 23-A206-1L) fighting near cell A101. Officer Duarte ordered both inmates to get down with negative results. I observed Officer Duarte aim his MK-9 Oleoresin Capsicum (OC) canister and deploy one (1), approximately two (2) second burst from approximately seven (7) feet away, striking both inmates around the facial area, with negative results. Duarte once again ordered both inmates to get down, with negative results. Duarte deployed another two (2) second burst of OC spray from approximately seven (7) feet away, striking both inmates around the facial area, with positive results. Both inmates separated and proceeded to prone out on the floor. Inmate Vernon was in the prone position near A104. I handcuffed Inmate Vernon and conducted a clothed body search with negative results. I then assisted Inmate Vernon to his feet to escort him to the program office. I escorted Inmate Vernon by grabbing him by his left bicep, when we got to the stair case in A pod I observed Inmate Lopez (AW4432, 23-A206-3L) get up and run towards Inmate Vernon. Inmate Lopez assaulted Inmate Vernon, due to Lopez attacking on the right side I did not see where or if he made contact. I immediately released Inmate Vernon and took a step forward between both inmates, simultaneously extended my baton to an open to the sky position. Responding staff arrived and were able to subdue Inmate Lopez and placed him in a prone position. I turned my attention back to Inmate Vernon so I could continue my escort, at that point I observed Officer Angon taking custody of Inmate Vernon while Officer Alvarez handcuffed Inmate Lopez and escorted him to the core area.

The dayroom in A pod was decontaminated and cleaned with cell block 64 and several fans were left running to help with the decontamination process. All three Inmates Vernon, Smith, and Lopez returned to their appropriate cells in Housing Unit 23. This concludes my involvement in this incident.

NARRATIVE

On Wednesday October 7, 2020, at approximately 1725 hours, while performing my duties as Facility E Housing Unit #24 Floor Officer #1, during the controlled dinner feeding inside HU #24. I heard over the institutional radio a call from HU #23 a "Code 1 one on one, two inmates fighting inside A-Pod!" I immediately responded to HU #23 from HU #24. As I ran into HU #23 and A-Pod, I observed multiple officers at the rear of A-Pod by cells 102-103 and multiple inmates on the ground because of the command to "GET DOWN!" Two inmates who were later identified as Vernon (V16750, E23A-206-1L) and Smith (BI6705, E23A-102-1L) appeared to have been sprayed with Oleoresin Capsicum (OC) pepper spray in the facial and upper torso area, because of the odor of OC and the color of orange dye on the inmates shirts. By then both inmates had handcuffs on their wrists. As inmate Vernon was being escorted out of A-Pod in restraints, inmate Lopez (AW4432, E23A-206-3L) stood up and ran towards inmate Vernon and began punching him in the upper torso and facial area. I gave multiple verbal commands to "GET DOWN" (with negative results). To subdue the attacker, I grabbed inmate Lopez with my hands around his shoulder area bringing him to the floor. As I grabbed Lopez's left arm to place handcuffs on him, Officer Duarte also grabbed Lopez's both arms, at which time Officer Alvarez without delay placed hand restraints on Lopez. Subsequently all inmates who were sprayed with OC were removed from the area for decontamination and a 7219 was also performed. Inmate Vernon was taken to TTA for further evaluation. I was also given a 7219 Medical evaluation. This concludes my report.

For clarification purposes as to if Inmate Lopez was resisting being handcuffed, yes he was resistive. After I got Lopez to the floor he started to move his upper torso side to side and he wouldn't give me his left arm as he had it tucked under his body. I told him to give me his hand with negative results, I had to reach and grab his arm to pull it from under him, all the while he was trashing his upper torso side to side.

1. After handcuffing Inmate Vernon, did you perform a search of the immediate area?

Yes, I conducted a search of the immediate area with negative results for contraband.

2. In your report, you state that "responding staff arrived and were able to subdue Inmate Lopez and placed him in a prone position." Can you describe how?

After Inmate Lopez got down, I observed responding staff utilizing physical force to effect custody and arrest Inmate LOPEZ (AW4432, 23-A206-3L). Due to me diverting my attention back to Inmate Vernon I was unable to see who made initial contact with Inmate Lopez. My attention returned back to Inmate Lopez and I observed Officer Duarte grab Lopez by his hands so Officer Alvarez could place handcuffs on him.

NARRATIVE

On Wednesday, October 7, 2020, at approximately 1725 hours, while conducting my duties as housing unit 23 floor 2, I was conducting the evening meal when I heard Officer I. Sosa state, "Code 1 Housing Unit 23 1 on 1". I then activated my personnel alarm device (PAD). I used the buildings public announcement (PA) to order all inmates down & began securing the building. Once all pods were secured, I then I responded to A POD near 101 where both Smith (BI6705, 23-A102-1L) and Vernon (V16750, 23-A206-1L) were mutually striking each other in the facial and torso area with closed fists. I could smell Oleoresin Capsicum (OC) had been deployed. Both inmates appeared to be exposed to Oleoresin Capsicum (OC) as their shirts had orange stains and their facial area appeared wet. As I approached that area both inmates proceeded to prone out on the ground. I ordered Inmate Smith to place his hands behind his back with positive results as Officer C. Duarte placed him in restraints. I was instructed to advise medical staff at the front podium that two Inmates needed 7219's. After hearing a scuffle I responded back inside A POD where I observed Inmate Lopez (AW4432, 23-A206-3L) on the ground and Inmate Vernon still in restraints no longer being escorted. Not knowing what transpired I took custody of Inmate Vernon and escorted him to the core area of the podium where Officer J. Keuchmann took custody of Inmate Vernon. At 1740 hours per medical staff we were advised to call an Emergency Transport Vehicle (ETV) for Inmate Vernon as he had an injury inside his mouth. Once medical staff arrived, he was escorted by Officer J. Keuchmann to the Triage Treatment Area (TTA) via ETV for further evaluation. This concludes my involvement in this incident.

On Wednesday October 7, 2020 at approximately 1725 hours, while performing my duties as Facility E Housing Unit 25, Floor Officer 2, I was monitoring inmates returning from their evening medication line when I heard via institutional radio, code one Housing Unit 23 one on one. I responded to Housing Unit 23 and upon my arrival to housing unit 23 A pod, I observed Officer Larios conducting a clothed body search of inmate whom later was identified as VERNON (V16750 E-23-A2-206-1L). As inmate VERNON was being escorted by Officer Larios, I proceeded to walk ahead to clear a path for the escort to proceed towards the program office. Suddenly, I heard verbal commands from Officer Larios ordering inmates to get down. I then turned around and observed an inmate who was later identified as LOPEZ (AW4432 E-23-A2-206-3L) getting into a prone position. I proceeded to take custody of inmate LOPEZ by placing hand cuffs on his wrists. I conducted a clothed body search of him and surrounding areas with negative results for weapons and contraband. I escorted inmate LOPEZ to the core area for medical staff to conduct a medical evaluation and relinquishing custody of inmate LOPEZ to Officer Sosa who escorted him to program office. This concludes my involvement in this incident.

NARRATIVE

On Wednesday, October 7, 2020 at approximately 1725 hours while performing my duties as the E Yard 2 Officer, I was monitoring housing unit 23 A pod day room floor for the evening meal release, when suddenly I observed Inmates, SMITH #B16705 (identified using his state identification card), and VERNON #VI6750 (identified using his state identification card) on the lower tier fighting each other. Both inmate were trading strikes with their hands clenched to fists, to the upper torso and facial area in front of cell 101. I gave both inmates a loud, direct verbal order to "Stop fighting and to get down on the ground", with negative results as both inmates continued striking each other with clenched fists in the upper torso and facial area. I again gave clear, loud, verbal orders to "Get down!", with negative results. Both Inmates continued to strike each other with their fists in the upper torso and facial area. I again gave both inmates clear, loud verbal orders to "Get down!", with negative results. Due to the possibility of Great Bodily Injury, if the fight was allowed to continue, I utilized my state issued MK-9 Oleoresin Capsicum (OC) canister and deployed one (1), approximately three (3) second burst from approximately six (6) feet away; aiming and striking my intended target of inmate Smith's and inmate Vernon facial area with negative results. Inmate Vernon and Inmate Smith continued striking each other with clenched fists in the upper torso and facial area. I again gave clear, loud, verbal orders to "Get down!", with negative results. Due to the possibility of Great Bodily injury, if the fight was allowed to continue, I again utilized my state issued MK-9 Oleoresin Capsicum (OC) canister and deployed one (1), approximately three (3) second burst from approximately six (6) feet away; aiming and striking my intended target of inmate Smith's and inmate Vernon facial area with positive results. Both inmates got down in the prone position. Responding Officers arrived on scene and I observed Officer M.Larios place Inmate Vernon in restraints. I placed Inmate Smith in restraints while officer I.Sosa performed a clothed body search with negative results and took custody of inmate Smith. As Officer M.Larios was escorting inmate Vernon out of housing unit #23 A pod. I observed inmate Lopez #AW4432 strike inmate Vernon in the upper torso area. I then assisted Officer A.Llamas to maintain control of inmate Lopez as he was on the floor. I placed my right and left hand on both of Lopez's hands, gripping them and keeping them in place to minimize movement, while simultaneously giving him a direct order to stop resisting, with negative results. Inmate Lopez's continued to move his body in a back and forth motion trying to break away from my grip. I then placed my right knee on Lopez left shoulder, utilizing my body weight, to minimize his movement with positive results. Officer G.Alvarez was then able to place Lopez in handcuffs. Once in handcuffs Officer Alvarez escorted inmate Lopez out of the affected area. All involved inmates received CDCR 7219 Medical Report of Injury or Unusual Occurrence and were then escorted out of the housing unit. I then reported to facility E clinic for a 7219. I was offered access to peer support services to which I declined. This concludes my involvement in this incident.

NARRATIVE

1. Did you perform a search of the immediate area following the initial fight between Inmate Smith and Inmate Vernon?

I performed a brief search of the Immediate area while focusing my attention on my partner's, securing inmate Smith, and Inmate Vernon. My intention was to perform a thorough search of the area. However, I was distracted by a second incident between Vernon, and Lopez. Once the scene was secure and the inmate's remained down in the day room, I returned to the scene, and performed a search of the immediate area.

2. Did you assist Inmate Lopez to his feet after he was handcuffed?

Once inmate Lopez was handcuffed and secured I assisted him to his feet.

3. Did you assist C/O Alvarez in escorting Inmate Lopez out of the pod?

I assisted C/O Alvarez in escorting inmate Lopez out of A pod, and then immediately returned to provide coverage to the incident scene.

CREATED TIME: 19:48:27

NARRATIVE

On Wednesday, October 7, 2020 at approximately 1725 hours while performing my duties as E Program Sergeant, I responded to a radio call of a Code 1 alarm of a one on one fight in Housing Unit 23. Upon arriving to Housing Unit 23, I entered A pod Section where I observed Inmate Smith BI6705, E23A-102-1L and Inmate Vernon V16750, E23A-206-1L prone out on the ground in handcuffs. I could see both inmates had been pepper sprayed due to the orange stains on their white shirts and the odor of Oleoresin Capsicum (OC) in the air. I instructed Officer M. Larios to escort Inmate Vernon out of the POD to initiate the decontamination process and get Inmate Vernon medically evaluated. During the escort, Inmate Lopez AW4432, E23A-206-3L got up from the ground, ran towards Inmate Vernon and began punching him in the upper torso and facial area. At that point, numerous commands to get down were given by multiple Officers, I observed Officer A. Llamas grab Inmate Lopez from his upper torso area and place him to the ground. Inmate Lopez continued ignoring verbal orders to stop resisting while on the ground as he kept moving his body in a back and forth manner. Inmate Lopez finally complied with direct orders to stop resisting and was placed in handcuffs. At that point, Inmate Lopez was escorted out of the Pod to the core area for a medical evaluation. Officer R. Downs escorted Inmate Smith out of the affected POD area and into the core area initiating the decontamination process. A medical evaluation was conducted on Inmate Smith by Housing Unit 23 medical staff and then escorted to the Program Office. Upon the conclusion of the medical evaluation, Inmate Lopez was escorted out of the Housing Unit to the Program Office as well. At approximately 1740 hours, a Medical Code 1 was activated for Inmate Vernon per medical staff. The Emergency Transport Vehicle (ETV) arrived and transported Inmate Vernon via ETV to the Triage Treatment Area (TTA) for further medical evaluation. I entered A POD and advised all inmates inside the POD if anyone had been exposed to the OC or if anyone needed medical attention in which they all stated that they were fine. I instructed Officer Larios to have the area decontaminated of OC with cell block and place fans to assist in the decontamination of the POD. Inmate Vernon was medically cleared in the TTA and escorted back to Facility E Program Office. I At that point, I individually interviewed each involved inmate in the Program Office regarding the incident. All three inmates signed compatibility Chronos stating that they didn't consider each other enemies and that they did not have safety concerns with each other nor on the Facility. Even though the compatibility Chronos were signed, it was determined that Inmate Lopez and Inmate Smith will still be rehoused on Facility A. This concludes my involvement in this incident.

NARRATIVE TYPE: Initial Report
CREATED TIME: 16:46:34

NARRATIVE

On Wednesday, October 07, 2020, at approximately 1725 hours, Correctional Officer (C/O) C. Duarte, observed Inmate (I/M) Smith, E. (BI6705, 23-A102-1L) and Inmate Vernon, M. (V16750, 23-A206-1L) fighting near cell A101. C/O I. Sosa announced the Code 1 on her state issued radio and C/O C. Angon activated her personal alarm. C/O Duarte responded towards the area and ordered I/M Smith and I/M Vernon to get down with negative results. Fearing that one of the involved inmates could suffer Great Bodily Injury if allowed to continue their actions, C/O Duarte utilized a three (3) second burst of Oleoresin Capsicum (OC) from his state issued MK-9 canister, spraying I/M Smith and I/M Vernon with OC in their facial areas. The OC was ineffective and I/M Smith and I/M Vernon continued to fight. C/O Duarte gave additional orders for I/M Smith and I/M Vernon to get down with negative results, necessitating him to utilize another three (3) second burst of OC towards the facial areas of I/M Smith and I/M Vernon. The second burst of OC was effective and I/M Smith and I/M Vernon complied with orders to get down. Responding staff arrived and I/M Smith and I/M Vernon were handcuffed. I/M Smith and I/M Vernon were given clothed body searches at the incident site for any possible contraband or weapons with negative results. As C/O M. Larios was escorting I/M Vernon out of the housing unit, I/M Lopez, J., (AW4432, 23-A206-3L) stood up and ran towards I/M Vernon, swinging his fists towards I/M Vernon's facial and upper torso areas. C/O Larios released I/M Vernon from her escort and stepped forward, extending her expandable baton while ordering I/M Lopez to get down. C/O A. Llamas and C/O Duarte also observed I/M Lopez battering I/M Vernon and responded to the location. C/O Llamas ordered I/M Lopez to get down. I/M Lopez refused to comply necessitating C/O Llamas to utilize physical force to subdue I/M Lopez. Once on the ground, C/O Duarte assisted C/O Llamas in controlling I/M Lopez until he was handcuffed. I/M Lopez resisted being handcuffed by moving his body in a back and forth motion. C/O Duarte held I/M Lopez' hands together behind his back while C/O G. Alvarez placed I/M Lopez in handcuffs. I/M Lopez was assisted to his feet and escorted out of the unit. Correctional Sergeant (Sgt.) J. Canedo responded to the incident and instructed the responding staff to escort I/M Smith and I/M Lopez from the housing unit to the Facility E Program Office where they were secured in holding cells. A medical emergency was activated for I/M Vernon and the Emergency Transport Vehicle (ETV) was requested. C/O J. Kuechmann escorted I/M Vernon from the housing unit to the Treatment and Triage Area via the ETV for further evaluation. I/M Vernon was medically cleared in the TTA and he was transported back to the facility. The housing unit was decontaminated from the OC utilizing Cell Block 64 and several fans were placed in the area to circulate air.

Following the incident, I/M Smith and I/M Vernon were returned to their assigned housing. I/M Lopez was rehoused in a separate pod without further incident. After further consideration, I/M Smith and I/M Lopez were rehoused on Facility A.

A more detailed account will be given by each involved employee's individual CDCR 837-C Crime/Incident Report. All appropriate Administrative staff members have been advised of this incident. You will be apprised of any further developments, should they occur.

Circumstances of Violation

On Wednesday, October 7, 2020 at approximately 1725 hours while performing my duties as the E Yard 2 Officer, I was monitoring housing unit 23 A pod day room floor for the evening meal release, when suddenly I observed Inmates, SMITH #BI6705 (identified using his state identification card), and VERNON #VI6750 (identified using his state identification card) on the lower tier fighting each other. Both inmate were trading strikes with their hands clenched to fists, to the upper torso and facial area in front of cell 101. I gave both inmates a loud, direct verbal order to "Stop fighting and to get down on the ground", with negative results as both inmates continued striking each other with clenched fists in the upper torso and facial area. I again gave clear, loud, verbal orders to "Get down!", with negative results. Both Inmates continued to strike each other with their fists in the upper torso and facial area. I again gave both inmates clear, loud verbal orders to "Get down!", with negative results. Do to the possibility of Great Bodily Injury, if the fight was allowed to continue, I utilized my state issued MK-9 Oleoresin Capsicum (OC) canister and deployed one (1), approximately three (3) second burst from approximately six (6) feet away; aiming and striking my intended target of inmate Smith's and inmate Vernon facial area with negative results. Inmate Vernon and Inmate Smith continued striking each other with clenched fists in the upper torso and facial area. I again gave clear, loud, verbal orders to "Get down!", with negative results. Due to the possibility of Great Bodily injury, if the fight was allowed to continue, I again utilized my state issued MK-9 Oleoresin Capsicum (OC) canister and deployed one (1), approximately three (3) second burst from approximately six (6) feet away; aiming and striking my intended target of inmate Smith's and inmate Vernon facial area with positive results. Both inmates got down in the prone position. Responding Officers arrived on scene and I observed Officer M.Larios place Inmate Vernon in restraints. I placed Inmate Smith in restraints while officer I.Sosa performed a clothed body search with negative results and took custody of inmate Smith. As Officer M.Larios was escorting inmate Vernon out of housing unit #23 A pod. I observed inmate Lopez #AW4432 strike inmate Vernon in the upper torso area. I then assisted Officer A.Llamas to maintain control of inmate Lopez as he was on the floor. I placed my right and left hand on both of Lopez's hands, gripping them and keeping them in place to minimize movement, while simultaneously giving him a direct order to stop resisting, with negative results. Inmate Lopez's continued to move his body in a back and forth motion trying to break away from my grip. I then placed my right knee on Lopez left shoulder, utilizing my body weight, to minimize his movement with positive results. Officer G.Alvarez was then able to place Lopez in handcuffs. Once in handcuffs Officer Alvarez escorted inmate Lopez out of the affected area. All involved inmates received CDCR 7219 Medical Report of Injury or Unusual Occurrence and were then escorted out of the housing unit. I then reported to facility E clinic for a 7219. I was offered access to peer support services to which I declined.
